# Felipe Trova

Front-End Developer

30 years / Single / Indaiatuba-SP - Brazil
E-mail: felipee.trova@gmail.com / Blog: http://felipetrova.github.io
Cell phone: +55-19-99291-6226

---

Front-end developer with domain in HTML, CSS and JavaScript. I also like and use a lot of Git for versioning projects. Process automation with GruntJS / GulpJS and Jekyll for creating static websites.

I'm also getting to know and studying UX so that I can focus even more on user projects.

Below, a little more than I know:

- W3C standards: HTML, CSS and JavaScript;
- CSS Frameworks: Bootstrap, Foundation;
- Angular (1.x, 2.x, 4.x, 5.x);
- jQuery;
- KnockoutJS;
- WordPress;
- RWD;
- UX;
- Git (GitHub, GitLab);
- GulpJS / GruntJS;
- DocPad / Jekyll;
- Accessibility;
- SEO;
- PHP;
- MVC CodeIgniter / Laravel / Symfony
- SQL / MySQL
